Phone	(360) 425-1880
E-Mail	ccddmgr@teamelect.com

Funding Agency:

Organization	Rec. and Conserv. Office
Address	PO Box 40917
City, State, Zip	Olympia, WA 98504-0917
Phone	360-902-3000
Contact	Kat Moore, Email: kathryn.moore@rco.wa.gov

PLEASE DESCRIBE THE TYPE OF WORK TO BE COMPLETED

(Be as detailed as possible to avoid having to provide additional information)

Provide a detailed description of the proposed project:

This restoration project is located on property owned by AGR Enterprises LLC and managed by Wim Geurden on the right bank and property owned by Bill Ower on the left bank. The project area is located within the Eloch-2 and Eloch-3 EDT reach of the main stem Elochoman River, Wahkiakum County. The proposed project encompasses habitat improvements along 3300 feet of main stem Elochoman River, protects 19.4 acres of riparian buffer, and creates 4.5 acres of forested riparian buffer. The project proposes to place large woody debris to increase habitat quantity/diversity, improve channel stability, and reduce sediment delivery while protecting establishing riparian buffers. Areas disturbed by equipment access will be replanted and exposed soils on streambanks seeded and livestaked with willow. The proposed project benefits chum, coho, fall Chinook, and winter steelhead.

Describe existing project site conditions.

Agriculture landuse however a 180 foot riparian buffer was established about 5 years ago

Describe any proposed ground disturbing activities. That is, will a tool(s) be used to move earth (soil, rock, gra

Exavation into the stream bank to anchor key pieces of lwd

Will buildings be altered or demolished? If so please complete a DAHP Determination of Eligibility EZ2 form for each building affected by the proposed project and attach the form to your project in PRISM. <http://www.dahp.wa.gov/pages/Documents/Sites.htm>

No
